

DECLARATION OF CONFORMITY

DECLARATION OF CONFORMITY OF THE MATERIAL PU-HA/1

Complied by:	Approved by Management:	Version:	Date:	Repl.:
A. Jensen	B. Funke	10	18.01.2023	09

The PU-HA/1 material has been tested for suitability for repeated food contact under the following conditions with respect to total migration in accordance with Regulation 10/2011/EU as amended to date:

- Contact with all types of food & any food contact conditions involving hot filling and/or heating to a temperature T, where $70\text{ °C} \leq T \leq 100\text{ °C}$ for a duration not exceeding $t = 120/2^{(T-70)/10}$ minutes, which is not followed by long-term storage at room temperature or under refrigeration.

According to the result of the conducted tests, the total migration limit of 10 mg/dm² is observed in contact with the following foods: - aqueous and acidic foods, - fatty foods for which a correction factor for simulant D2 of at least 2 is specified according to Regulation (EU) No. 10/2011, Annex III, paragraph 3, Table 2. The investigated sample also complies with Regulation (EU) No. 1935/2004 in the current version with regard to total migration under the above-mentioned restrictions. The contact times and contact temperatures were selected to represent the actual conditions of our products. The material has been manufactured in accordance with the requirements of Commission Regulation (EC) No. 2023/2006 on good manufacturing practice for materials and articles intended to come into contact with food.

Similant	Duration/ Temperature	Parameter	Limit value	Result
Ethanol 10% (A)	2 h / 70°C	onesided contact to product 	10 mg / dm ²	< 2,0 mg / dm ²
Acetic acid 3% (B)	2 h / 70°C	onesided contact to product 	10 mg / dm ²	< 2,0 mg / dm ²
Ethanol (D2)	2 h / 60°C	onesided contact to product	10 mg / dm ²	10,4 mg / dm ²

The PU-HA/1 material corresponds in chemical composition to the positive list FDA. The raw materials used are included in the approval list of FDA (Food and Drug Administration), HHS, §177.2600(2) for direct contact with food.
